MED-ED, Inc. is an approved provider by the following State Boards of Nursing: **Florida**/FBN 50-1286, **Iowa**/296, **California** #CEP10453.

## Speaker

### Jessie Desir, M.S. Ed., AMB-BC, OCN

Jessie Desir has earned a Doctor of Philosophy in Nursing degree from Barry University, Miami Shores, FL. She has also obtained a Master of Science in Nursing Education from SUNY-Stony Brook, NY.

Jessie is currently the second-time acting president of the Miami-Dade Chapter Oncology Nursing Society (MDONS). Jessie served as president in 2023 and was reelected to serve as president in the year 2025 (the first time in the chapter's history). In her presidency role, Jessie led the Miami-Dade chapter by serving the oncology nursing community through networking opportunities, encouraging oncology nursing educational programs and supporting volunteer services throughout the nursing community.

Jessie works full-time as a medical science liaison (MSL) supporting medical science data and sharing that knowledge with key opinion leaders and other healthcare professionals. She maintains a strong clinical and scientific presence within the oncology space.

MED-ED reserves the right to substitute an equally qualified speaker if necessary.*

## Course Description

The Ambulatory Care Nursing Exam Review is designed to prepare those nurses working in ambulatory care to sit for the American Nurses Credentialing Center's exam. Ambulatory Care Nursing encompasses all practice settings of Ambulatory Care including, but not limited to, outpatient surgery, office settings, clinics and primary care settings. The course content is based on the exam blueprint provided by ANCC.

### Program Learning Outcomes

This program prepares the learner to:

- Describe the Ambulatory Care Nursing Exam, test plan and the practice requirements to sit for the exam.
- Construct a study plan for the exam based on understanding the blueprint and domains of practice covered.
- Identify common mistakes and pitfalls that are made during studying and testing for the exam.
- Recall the core components covered in the exam through didactic supplementation and test questions.
