

## **Blended: Online + Hands-On Skills Check**

Blended learning is a combination of eLearning, in which a student completes part of the course in a self-directed manner online, followed by a hands-on skills session. The hands-on skills session is completed in person with an AHA instructor.

All our courses are offered as a package and include everything you need to complete the course from start to finish.

Registration includes:

- AHA online course link
- Hands on skills session
- eCard
