

2023 Controlled Substances & Beyond: The Pain Puzzle, A Comprehensive Review

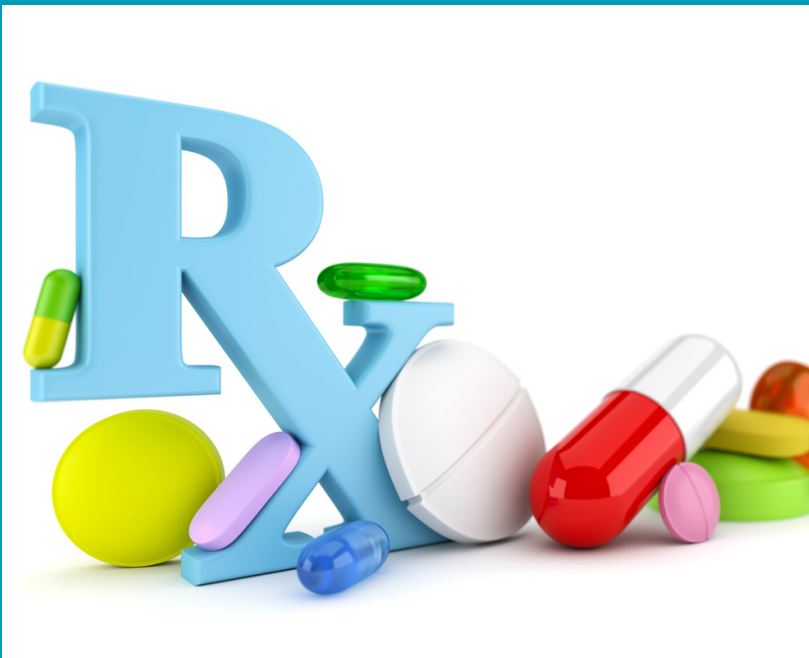

June 2, 2023 | 8 AM - 4:30 PM
Live Webinar

Stanford Health Care is a Controlled Substance Education Course Provider approved by the California Physician Assistant Board (PAB).

The Center for Advanced Practice is proud to offer an advanced practice program geared toward prescribing providers that focuses on the principles of pharmacology in relation to Schedule II-IV controlled substances. This course explores assessment, treatment, management, evaluation, and standardized procedures and protocols of controlled substances, with an emphasis on schedule II. Additionally, the course will review the legal and prescribing aspects associated with pain management as well as misuse, abuse, drug diversion, controlled substances in the pediatric population, and ethical considerations.
